**Concert Gallery Situation**

*Concert is a performance of music by one or more musicians or singers such as such as a pop/classical concert and a school concert. The booking schedules are diverse, but they are borderline commercial and the concerts rarely sell out. Eighty-nine little books, or libretti, produced for these semi-stage concerts over a 150-year period, have survived.*

*K-POP Concert*

**Concert Gallery Kpop Situation**

*K-pop is a genre of popular music originating in South Korea. While the modern form of K-pop can be traced back to the early 90s, the term itself has been popularized since the 2000s. Modern K-pop "idol" culture began with the boy band H.O.T. in 1996, as K-pop grew into a subculture that amassed enormous fandoms of teenagers and young adults. After a slump in early K-pop, from 2003 TVXQ and BoA started a new generation of K-pop idols that broke the music genre into the neighboring Japanese market and continue to popularize K-pop internationally today. With the advent of online social networking services and Korean TV shows, the current spread of K-pop and Korean entertainment, known as the Korean Wave, is seen not only in East Asia and Southeast Asia, but also in Pakistan, Bangladesh, India, Latin America, North Africa, Southern Africa, the Middle East and throughout the Western world, gaining a widespread global audience.*

### *ANIME Concert*

***Concert Gallery Anime Situation***

*The technology behind putting together a Vocaloid concert is actually very cool. Another wonderful thing about Vocaloid concerts/ Anime concerts is that it celebrates the wonderful music made by so many different producers. The company in charge of Vocaloid, Crypton, finds what Vocaloid songs are the most popular online and contacts the producers who made them to ask if they can include those songs in their concerts. Every song played at a Vocaloid concert is accompanied by real musicians as well as the holographic Vocaloid doing unique dances while singing. It might sound silly, but it can create a really awesome effect altogether!*
